How to Edit, Print and Assemble

Everything happens in the free Adobe Acrobat Reader. No Canva, no Templett, no account.

1

Open in Adobe Acrobat Reader

Download the PDF and open it in Adobe Acrobat Reader (free) on a computer. Some phone and browser viewers do not save typed text.

2

Type the names

Click any FOR or FROM line and type. The 3 book covers have TO and FROM lines too. Leave a line empty to write by hand after printing.

3

Write your own

Page 11 has 5 blank coupons, the same size as the book: type a title, two lines of detail, and the names. The fonts are fixed and cannot be changed.

4

Save and print

Save, then print only the pages you need on US Letter paper at 100% (actual size). Cardstock or matte photo paper feels best.

5

Cut and stack

Cut on the corner marks. Put a front cover on top and its back cover at the bottom of each set.

6

Bind it

Staple the left edge twice, punch a hole and tie a ribbon, or clip it with a binder clip. Slip it into the gift envelope on page 12 (3 paper books or 2 cardstock books fit).
