How to edit and print

Everything you need to fill in your details and print at home or at a print shop.

Edit your invitation

1. Download the PDF to a computer and open it in Adobe Acrobat Reader (free). A browser preview may not save your typing.
2. Click any green line of text on pages 3 to 10 and type over the sample words. Every changing line is its own box.
3. Each card on a page is separate, so you can make two different versions on one sheet if you want to.
4. Save the file (File, Save As) before printing. Keep the original as a clean copy for next time.
5. The headline, stripes, bow and leaves are part of the design. Fonts and colors cannot be changed.

Print and cut

1. Print at 100% or Actual size on US Letter paper: pages 3 to 8 landscape, pages 9 and 10 (the signs) portrait. A4 also works at Actual size.
2. Use white cardstock (80 to 110 lb) for a sturdy card, or ask a local print shop to print it for you.
3. Cut on the light grey corner marks with a paper trimmer for straight edges. Each card is 5 x 7 inches.
4. Standard A7 envelopes (5.25 x 7.25 in) fit both the invitation and the details card.

LET'S CELEBRATE

You just made my day!

Thank you for choosing a small, one-person shop over the big guys.
